Swimming and Netball

English

Text: The Iron Man by Ted Hughes

- Identify, select and effectively use pronouns .
- Know that possessive pronouns show when something belongs to someone
- Recognise and know the different determiners and Know that a determiner comes before a noun (or an adjective within a noun phrase) to introduce it.
- Know the different types of noun: common, collective and abstract.
- Use subordinate clauses at the start and end of

Drawing

Pattern & The Power of the Pencil

We will explore how different pencil grades and varying pressure can be used to create a range of tones, shades and effects. We will develop sketching skills by using lines, shapes and simple strategies to accurately outline images and objects.

We will investigate pattern through repeated lines, shapes and designs, applying these techniques in their own artwork. Throughout the unit, we will build confidence in controlling pencil techniques to create detailed and expressive drawings.

History

- The Romans fought against the Celts in Britain and then ruled over the tribes that were left.
- The Roman Empire expanded across most of modern Europe and Northern Africa.
- The Romans brought many things to Britain that we still use today.

MFL

Children will explore Spanish sounds and pronunciation, practising how to say words and phrases accurately and confidently.

Year 4

Autumn Term

Maths

Place value

- Represent and partition numbers to 1,000.
- Represent and partition numbers to 10,000
- Identify and represent numbers on a numberline.
- Flexibly partition numbers to 10,000.
- Find 1, 10, 100, 1,000 more or less than a number.
- Round to the nearest 10.

Addition and Subtraction

R.E - Sikhism

We will learn about how Sikhism began and the key teachings of Guru Nanak. We will explore the importance of the Mool Mantar and the Guru Granth Sahib in Sikh beliefs and daily life. We will investigate how Sikhs show commitment through symbols, worship and community, and understand why serving others is important in Sikhism.

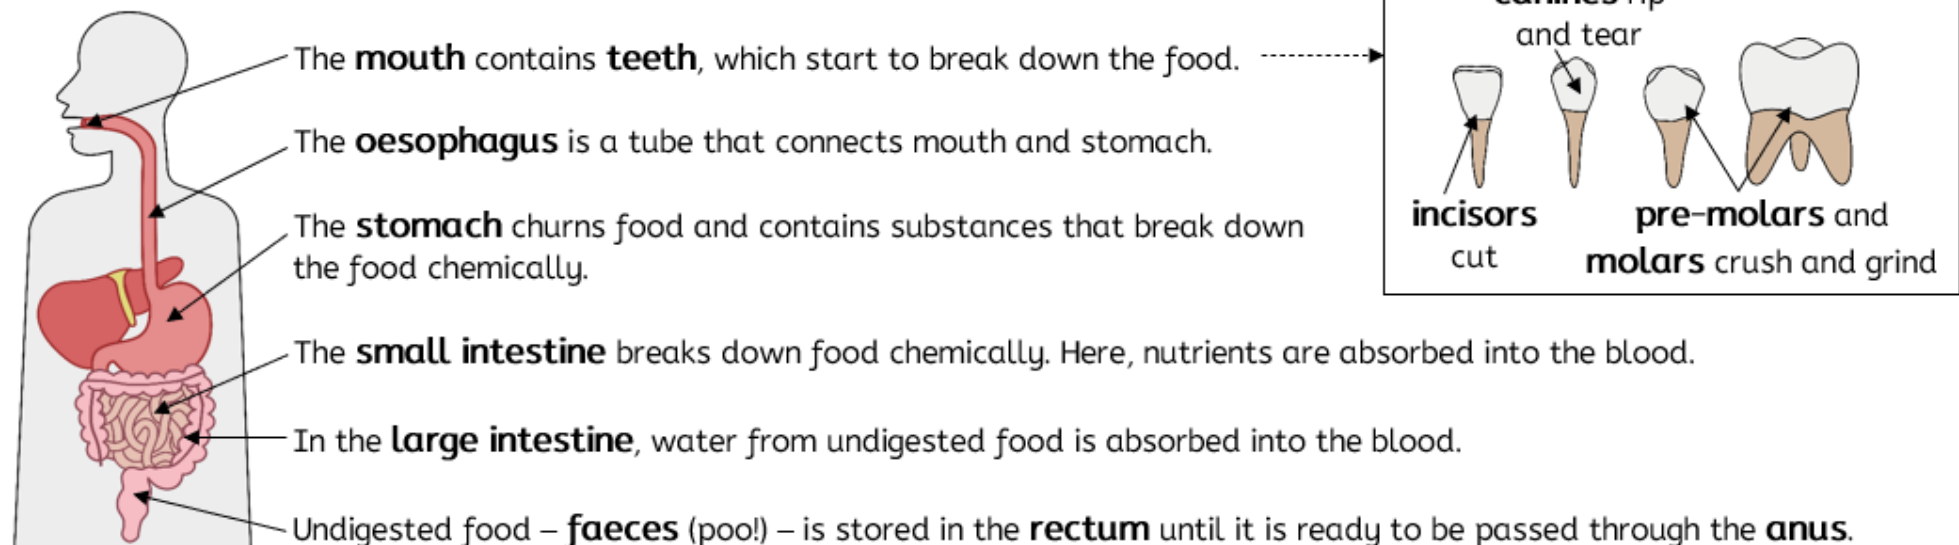

P.S.H.E (JIGSAW)

- We learn how our attitudes and actions can make a positive difference to our class and school community.
- We explore the roles of different people in our school, how democracy works through the School Council and how groups make decisions.
- We develop empathy by considering other people's feelings and understanding how our actions affect ourselves and others.

Food & Digestion

Digestion

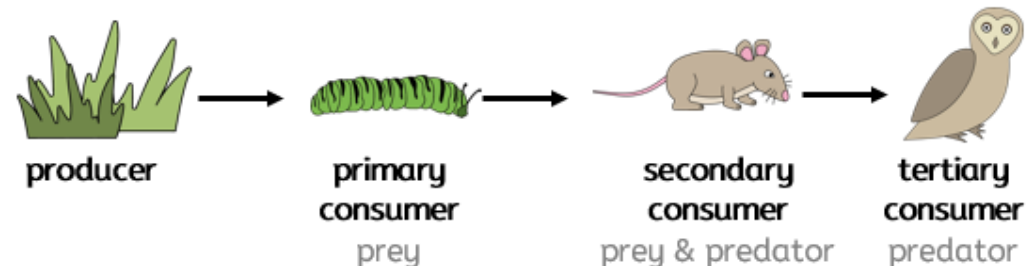

The food that animals eat needs to be broken down into very small parts, so that they can be absorbed into the blood and used around the body. The process of breaking food down is called **digestion**.

Feeding relationships

An **ecosystem** is all the organisms living in an area and the non-living features of the environment, such as precipitation, temperature, wind, soil and sunlight.

In an ecosystem, there are many feeding relationships. These can be shown through **food chains** or food webs.
